for the respective parties, that the time for Power Integrations, Inc. ("Power Integrations") to answer

or otherwise respond to BCD Semiconductor Corporation and Shanghai SIM-BCD Semiconductor STIPULATION TO EXTEND TIME TO ANSWER OR OTHERWISE RESPOND TO THE COMPLAINT

Manufacturing, Co., Ltd.'s (collectively, "BCD") Complaint shall be extended up to and including May 7, 2008.

The reason for the requested modification in the schedule is that BCD has filed a motion to dismiss an earlier filed matter between the parties in Delaware involving the same patents at issue in this case, and that motion has not yet been resolved, but BCD has stated that it will dismiss this action if the Delaware Court denies BCD's motion to dismiss. The Delaware Court recently ordered supplemental briefing on BCD's motion, and a hearing has been set for Monday, May 5, 2008.

The only previous time modification in this case was a stipulated extension of the time for Power Integrations to answer or otherwise respond to BCD's complaint in view of BCD's motion to dismiss the Delaware matter, which the Court approved on February 28, 2008. [D.I. 15.] Granting the instant request for time modification will not impact any scheduled event in the case other than those provided for above.
